Work Order Ref. : 1.Electrical Power System Study
WO No. 4600003374, Dated October 05, 2017
2.Retrofitting of Numerical Relays in S/s -1&2 WO No.
4600003374, Dated March 08, 2018

We hereby certify that the above work has been completed promptly in the best technical manner as per the terms and conditions of Work Orders.

EEPL extended their complete support of development and implementation of Grid Islanding and Load Shedding Scheme and relevant modifications in TG Protection Scheme settings and logics.

After EEPL settings implementation and relay retrofitting work in ATR April, 2018 reliability of power system has been improved a lot. Frequent cascade tripping of plant followed by major grid disturbances also have been nullified. We also appreciate the support of team EEPL for analyzing the trip incidents then after.
